July 16, 2017 - When I download and open it, it says "Version 7, free version." The registration code in the email sent to me doesn't work for "repurchase" or... Well, I think you get what that means to me. I want to pay, but only for this. I don't want to pay for it. I want to pay for what I want. I don't want to pay for something I don't want. No. I do not want this. I do not want this! It is not right! I will have to buy this program. I bought this program. I will pay money only for what I want. I will only pay for what I want.

Read more November 3, 2019 - I have a registration code for FontCreator v5 and MainType v2. Will they work with the latest versions or will I need to install an older version? I have two MAC computers. If I need to update, do they have to be the same or different? How to install old version of FontCreator v5 for MainType? This doesn't work for me. I have older versions of FontCreator and MainType still works for me. It runs on Mac OS X 10.10. dd2bc28256
